

Millennium Challenge Corporation

Reducing Poverty Through Growth

CONGRESSIONAL NOTIFICATION TRANSMITTAL SHEET

I am pleased to submit the attached report on the FY 2006 Millennium Challenge Account (“MCA”) Selection of Eligible Countries, as required by Section 608(d)(1) of the Millennium Challenge Act of 2003, Pub. L. 108-199, Division D (the “Act”). On September 6, 2005, we sent you a report identifying the criteria and methodology that the Millennium Challenge Corporation (“MCC”) would use to determine which of these candidate countries will be eligible for purposes of Section 607 of the Act for MCA assistance for FY 2006. In accordance with that criteria and methodology, on November 8, 2005 the MCC Board of Directors determined countries that are eligible to apply for MCA funds for FY 2006. This report identifies the countries determined by the Board to be “eligible countries” for FY 2006 and with whom the Board will seek to enter into MCA Compacts, along with a justification for such determinations.

As required by the Act, the information contained in this report will also be published in the Federal Register. The attached report is being sent to Congress on November 10, 2005.

Sincerely,

Frances C. McNaught
Vice President for
Domestic Relations

Enclosure:
Report on the Selection of Eligible Countries for Fiscal Year 2006
